

1st November 2007

Dear Parents

This half term's topic is 'Celebrations'. The children will be finding out why we celebrate bonfire night, this will include making a Guy and watching a presentation from a visiting actor. Topic activities will be based around Diwali, birthdays, weddings, Christenings and Christmas. If you have any photos or artifacts you would like to share with the class please let me know! The science topic is 'Light and Dark', the children will be exploring in a dark area, investigating sources of light (natural and artificial), testing a range of reflective and non-reflective objects with and without light.

In Literacy we will continue learning letter sounds and blends, reading and writing simple and common words, developing handwriting and the use of basic punctuation. This will include looking at rhymes, stories and information texts.

In Numeracy we are learning to count in 1s, 5s and 10s, read and write one and two digit numbers, developing adding, subtracting and problem solving skills. We will also be learning to name and describe 2D and 3D shapes and develop understanding of position and movement.

PE is on Tuesdays and Thursdays; please provide the children with a PE kit to be kept in school. This will include climbing on large apparatus, athletics with a Kirklees coach and football with Huddersfield Town.

Snack money is 50p per week.

Our class assembly is on Friday 16th November at 10.15am, I hope you'll be able to attend.

Please remember that if you have any questions or concerns about your child or their school work please do not hesitate to speak to me after school, in person or on the telephone.

Thank you
Miss Wood

Please return.....
Library books on Tuesdays
Reading scheme books and word lists on Fridays
Home-school books on any day.
